### TÜV NORD Akademie:

TÜV Akademie is one of the leading premium training provider in the Middle East. TÜV Akademie provides wide range of standard and custom made trainings to oil & gas, government, manufacturing, finance, information technology, construction & engineering sectors.

Most of the courses are accredited, in association with world renowned universities / education centers, certified, recognized ... etc. These courses are delivered by highly competent from the relevant field with theoretical and practical knowledge.

The trainings are offered as public and in-house courses, the courses are delivered in all countries of GCC, Egypt, Malaysia, Morocco, Europe, and Yemen... etc.

## It's the Time to Get Ready for the Coming Economic Upturn

Here are  
Some of  
the  
Reasons  
Why your  
Organiza-  
tion should  
consider  
providing  
training for  
your  
employees

- **Increased Profitability:**  
There is a clear correlation between providing your employees with the training they need to become more productive and an increase in the company's overall profitability.
- **Consistent Quality:**  
Providing employees with up to date training ensures that they will be able to complete their tasks in the most efficient manner possible while providing consistency and quality for the organization.
- **Customer Satisfaction:**  
Increased productivity and higher quality results in a greater level of customer satisfaction.
- **Employee Development:**  
Providing employees with training allows them to develop their individual skills making them better able to contribute to the overall success of the organization.
- **Employee Retention:**  
Making training available to your employees provides them with the tools to increase their skills and makes them feel more valued by the organization resulting in greater employee retention.

## Certification & Specialized Programs

**TUV Akademie**

**Middle East is authorized  
to conduct**

**The following courses:**

### NEBOSH

- International General Certificate in Occupational Safety and Health (Training & Examination)

### IOSH

- Working Safety
- Managing Safety

### API Courses

- API 653 Strong Tank Inspector
- API 580/81 RBI – Risk Based Inspection
- API 579 FFS – Fitness for Service
- API 570 Piping Inspector
- API 571 Supplementary Certification
- API 510 Pressure Vessel Inspector
- API 650 Coded Design of Welded Steel Tanks for Bulk Storage
- API 579 FFS for Piping & ASME B31.3 Process Piping
- API 1104 Welding Qualifications Code for Transportation Piping

### ASME Courses

- ASME B 31.1 Power Piping Code
- ASME B 31.3 Process Piping Code
- ASME B31.4 Liquid Petroleum Transport Piping Code
- ASME B 31.8 Gas Transport Piping Code
- ASME Section VIII Division -1 Coded Pressure Vessel Design
- ASME Sec IX Welding Qualifications
- Awareness of ASME I, II, V, VIII and IX

## Certification & Specialized Programs

**American Society for  
Non-Destructive Testing  
(ASNT)  
Certifications:**

### **NDT Level I & II Inspector Training and Qualification**

- Liquid Penetrant Testing I & II
- Magnetic Particle Testing I & II
- Visual & Optical Testing Level- I & II
- Ultrasonic Testing I & II
- Radiographic Testing I & II
- Radiographic Film Interpretation

### **NDT Level III Preparatory Programs**

- Basic Level III
- Liquid Penetrant Testing III
- Magnetic Particle Testing III
- Visual Testing III
- Ultrasonic Testing III
- Radiographic Testing III
- NDT Level III Refresher

## Certification & Specialized Programs

### Cambridge International College

- Master's Certificate in Project Management

### The following is the Core Project Management Curriculum Course:

- Project Management Applications
- The remaining courses may be satisfied from the following elective courses:
- Effective Project Management
- Project Leadership, Management and Communications
- Essential Management Skills
- Business Improvement through Projects
- Planning, Scheduling & Cost Control in Project Management
- Project Cost Estimation and Control
- Project Planning & Control
- Project Contracts, Scheduling and Cost Control
- Contracting for Project Management
- Strategic Project Planning
- Managing Projects in Organization
- Managing Software Development Projects
- Project Safety Management
- Project Risk Management
- Project Management Risk, Control and Audit (PMRCA)
- Quality for Project Managers
- Professional Project Management Preparatory Course for the PMP Certificate

## Certification & Specialized Programs

### **Cranes Institute of America**

- Train-The-Trainer for Mobile Cranes Operator / Inspector
- Train-The-Trainer for Overhead Cranes Operator / Inspector
- Train-The-Trainer for Forklifts Operator / Inspector
- Train-The-Trainer for Rigging Operator / Inspector
- Mobile & Overhead Crane Inspector Certification
- Tower Crane Safety & Inspector Certification
- Rigging Safety & Inspector Certification
- Boom Truck Operator, Hands-On
- Managing Mobile Crane Safety
- Crane & Forklift Safety Inspector Certification
- Aerial Lift Safety & Inspector Certification

## Certification & Specialized Programs

### **TUV Akademie**

- Certified Construction Safety Practitioner
- Certified Health & Safety Professional
- Certified Industrial Safety Professional (CISP)
- Certified Process Safety Management Professional (CPSMP)
- Certified Safety Professional
- Certified Environmental Baseline Audit
- Certified Environmental Management System Auditor
- Certified Professional Environmental Impact Assessment
- Certified Environmental Auditor
- Certified Quality Auditor
